ALL SUPPLEMENTS

What Benefits Each of These Supplements Offer?

ALC 	Acomplia 	Adrafinil 	Aniracetam 	Bio-Pro 	BioStim 
Can-C 	Carnosine 	Centrophenoxine 	CoQ10 	Cyprenil 	Deprenyl 
Desmopressin 	DHEA 7-keto 	Gerovital H3 	Hydergine 	Idebenone 	Melatonin 
Metformin 	Minsaw-A 	Modafinil 	Neydent 	Nizoral 	Picamilone 
Piracetam 	Pregnenolone 	Progesterone 	Pyritinol 	Resveratrol 	Retin-A 
SAMe 	Selepryl 	Viagra 	Vinpocetine 	Zirtec 	Yohimbine 

From enhancing your memory, strengthening your immune system, and prolonging your vision, to helping protect against stress, preventing hair loss, and enjoying improved energy levels and longevity benefits.

These supplements offer a variety of health and antiaging benefits

Content

Acetyl-L-Carnitine	5
Acomplia	5
Adrafinil	6
Aniracetam	6
Bio-Pro	7
Biostim	7
Can-C	8
Carnosine	8
Centrophenoxine	9
Coenzyme Q10	9
Cyprenil	10
Deprenyl	10
Desmopressin	11
DHEA 7-keto	11
Gerovital H3	12
Hydergine	12
Idebenone	13
Melatonin	13
Metformin	14
Minsaw-A	14
Modafinil	15
Neydent	15
Nizoral	16
Picamilone	16
Piracetam	17
Pregnenolone	17
Progesterone	18
Pyritinol	18
Resveratrol	19
Retin-A	19
SAMe	20
Selepryl	20
Viagra	21
Vinpocetine	21
Zirtec	22

Acetyl-L-Carnitine

Life extension supplement improves learning and memory

Acetyl-L-Carnitine

Price: **\$19.99**

Acetyl-L-Carnitine is a naturally-occurring molecule involved in the transport of fats into mitochondria, the energy producing part of all living cells. Known also by its short name of ALC and ALCAR, Acetyl-L-Carnitine is found in some common foods, such as milk. In animal studies ALC has shown to preserve spatial memory and improve learning and memory.

This multi-beneficial amino acid may also have some important properties of protecting the brain from the effects of aging. Acetyl-l-carnitine inhibits the buildup of fatty deposits in the nerve cells, which is associated with the reduction of cognitive powers. In human studies Acetyl-l-carnitine has

shown to increase attention span and alertness in people with Alzheimer's disease and other forms of senility.

- **Acetyl-L-Carnitine** is available in 50 × 500mg capsules pack size
- You can order one or more packs of Acetyl-L-Carnitine capsules
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Acetyl-L-Carnitine.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Acomplia

New weight loss drug, known as Zimulti in the U.S.

Acomplia

Price: **\$219.99**

Acomplia is an experimental weight loss drug containing Rimonabant, recently approved in the U.K. Designed to help obese people lose weight, in particularly those with type 2 diabetes. It has been also shown to help control blood sugar and reduce the risk of heart disease in diabetics.

Acomplia Zimulti may be used as an aid in fighting addiction to tobacco, helping smokers kick the habit. More importantly, Acomplia has helped smokers not gain weight, after they stop smoking. On top of that, Acomplia has also been shown to improve HDL (good cholesterol) and triglyceride levels, once again showing benefit for people with diabetes and heart conditions. Acomplia helps with weight loss by subduing

cannabinoid receptors, which stimulate appetite.

- **Acomplia (Zimulti)** is available in 30 × 20mg tablets pack size
- You can order one or more packs of Acomplia (Zimulti) tablets
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Acomplia.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Adrafinil

Memory enhancing supplement, known as Olmifon

Adrafinil

Adrafinil helps to improve brain chemical processes without affecting heart rate or blood pressure. It was specifically designed to treat narcolepsy - sleeping in the daytime. As such, Adrafinil Olmifon allows the individual to remain both alert and awake during the day. Adrafinil can:

- **increase awareness**
- **enhance mental clarity**

Price: **\$39.99**

Some studies indicate that Adrafinil could also prevent brain aging, and treat cognitive and memory impairments. Adrafinil is an earlier analogue to Modafinil.

- **Adrafinil** is available in 40 × 300mg tablets pack size
- You can order one or more packs of Adrafinil tablets
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Adrafinil.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Aniracetam

Memory and clarity enhancing nootropic drug

Aniracetam

Aniracetam is a powerful cognitive enhancer that has shown (in animal experiments) to have protective effects on the brain. Human study participants improved their scores on a number of intelligence and memory tests, after taking Aniracetam.

Chemical structure of Aniracetam is similar to that of Piracetam. Aniracetam is more effective in treating a wider range of problems than Piracetam. Also known as Ampamet®, Aniracetam is also used as an antidepressant. This might come from Aniracetam's purported ability to enhance dopamine hormone levels in the brain, which is a precursor of adrenaline.

Price: **\$49.99**

- **Aniracetam** is available in 20 × 750mg capsules pack size
- You can order one or more packs of Aniracetam capsules
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Aniracetam.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Bio-Pro

Two powerful energizers combined into one potent formula

Bio-Pro spray

Price: **\$34.99**

Bio-Pro is sublingual combination of ATP and NADH. ATP is natural chemical known as Adenosine Triphosphate, while NADH is Nicotinamide Adenide Dinucleotide coenzyme. Both are responsible for our physical and mental energy levels.

ATP is the actual chemical produced at the mitochondria cell level that powers our every thought, movement and action - it is literally the energy of life. This high-energy molecule is needed to power everything that we do. Thus, Adenosine Triphosphate supplements such as Bio-Pro can increase physical energy levels, improve muscle strength and endurance and have even been shown to lessen back pain and problems and increase the range of mobility in the elderly.

NADH increases energy on all levels - physical and mental. As a form of vitamin B3 coenzyme, NADH can also increase cell longevity.

- **Bio-Pro** is available in 30ml bottle (640mg) spray size
- You can order one or more bottles of Bio-Pro spray
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Bio-Pro.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Biostim

Improves white blood cell count, boosting immunity

Biostim

Price: **\$39.99**

Biostim is a potent immunity booster that can make the immune system work better. By stimulating cells in the body called phagocytes, Biostim helps the body fight infection. These cells take up and destroy any foreign organism which tries to invade the body.

Phagocytes produce Interleukin 1 - a chemical that forms a vital part of the immune system. With help from Biostim, the production of Interleukin 1 goes up, helping phagocytes fight against infection. Biostim also has a positive action in the fight against bacterial, fungal and viral infections.

- **Biostim** is available in 16 × 1mg tablets pack size
- You can order one or more packs of Biostim tablets
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Biostim.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Can-C

N-acetylcarnosine eye drops, effective in cataracts treatment

Can-C eye drops

Price: **\$44.99**

Can-C is also known as N-acetylcarnosine (NAC) eye drop, produced by Innovative Vision Products - IVP. Unlike other NAC eye drops, Can-C is the only original, high purity, tested and approved brand that is safe for use in your eyes.

As we age, our eyes tend to develop certain age-related diseases, which can affect our vision. Diabetics in particular can develop eye problems, which can ultimately lead to blindness if left unattended. The IVP group have tested various anti-glycation carnosine agents, and discovered that a natural antioxidant known as N-acetylcarnosine (NAC) helps the aging eye to recover in terms of improving its clarity, glare sensitivity, color

perception and overall vision. These eye drops help delay the onset of age-related eye problems, as well as help diabetics maintain a good vision.

- **Can-C** is available in 2 x 5ml vials liquid pack size
- You can order one or more packs of Can-C packs
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Can-C.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Carnosine

L-carnosine protects neural tissues

Carnosine

Price: **\$19.99**

Carnosine has a number of interesting actions: it is a potent anti-oxidant, it helps to chelate ionic metals (i.e. flush toxins from the body), it has immunity boosting properties (aids wound healing) and is also known to reduce and prevent cell damage caused by beta amyloid (the substance found in the brain of Alzheimer disease patients). Carnosine helps protect neural tissues by blocking and inactivating beta amyloid and therefore it could help protect tissues against dementia. Recent evidence even suggests that Carnosine has an important role in the sense of smell.

Also known as L-Carnosine, this dipeptide is an important life extension supplement because of its anti-aging effects in muscle and brain tissues.

Carnosine is also used in NAC and Can-C eye drops.

- **L-Carnosine** is available in 50 x 100mg capsules pack size
- You can order one or more packs of L-Carnosine capsules
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Carnosine.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Centrophenoxine

Antiaging drug that stimulates brain activity

Centrophenoxine

Price: **\$29.99**

Centrophenoxine is an intelligence booster, which may also have some anti-aging properties. In laboratory animal studies centrophenoxine has been shown to cause improvements of memory function and a 30% increase in lifespan.

Centrophenoxine removes lipofuscin deposits (the stuff of which "age spots" are made), which results in improved learning ability. It also repairs the synapses, thus facilitating better communication between the cells via neurotransmitters. Centrophenoxine was previously known under brand name of Lucidril®.

- **Centrophenoxine** is available in 60 x 250mg tablets pack size
- You can order one or more packs of Centrophenoxine tablets
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Centrophenoxine.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Coenzyme Q10

Powerful cell energy enhancing antioxidant

CoQ10

Price: **\$29.99**

Coenzyme Q10 (or CoQ10) is an all-important energy molecule that helps the heart perform properly. CoQ10 has a key role in the creation of ATP, the universal energy molecule. ATP transports chemical energy within cells for metabolism - it's the main energy giving molecule. Nearly all of the body's energy requirements are converted by CoQ10 into ATP.

Essentially, CoQ10 is the energy giver, helping the human body produce its own energy. CoQ10 is particularly important for the functioning of the heart, where it's found in very high concentrations.

- **Coenzyme Q10** is available in 120 x 30mg capsules pack size
- You can order one or more packs Coenzyme Q10 capsules
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/CoQ10.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Cyprenil

Brand name for Deprenyl liquid – best known antiaging drug

Cyprenil liquid

Price: **\$69.99**

Originally developed as anti-depressant, Deprenyl has become one of the best known antiaging drugs or supplements. Deprenyl comes in tablets form as Deprenyl Jumex, while deprenyl citrate liquid is manufactured under brand names of Cyprenil and Selepryl. Cyprenil is produced by Cyto Pharma and comes in 300mg bottles. As one milligram (mg) equals one drop, a bottle of Cyprenil has approximately 300 drops of Deprenyl liquid.

In laboratory studies, Deprenyl has shown to prolong life. Deprenyl is also used as a preventative for Alzheimer's or Parkinson's diseases, in treating depression, and improving mobility, awareness and quality of life.

- **Cyprenil** is available in 12 ml or 300mg bottle size
- One drop of Cyprenil Deprenyl liquid equals 1 mg
- You can order one or more bottles of Cyprenil liquid
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Cyprenil.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Deprenyl

Best known antiaging drug Selegiline

Deprenyl Jumex

Price: **\$49.99**

Deprenyl was originally developed as anti-depressant (hence the name of 'deprenyl'). It has shown in many different studies since mid 80s to extend life span in laboratory rats. Deprenyl is also used as a preventative for Alzheimer's or Parkinson's disease, to treat depression and to improve mobility, awareness and quality of life.

Deprenyl is known as Deprenyl Jumex, Selegiline and Eldepryl in tablets form. In liquid form, Deprenyl citrate is known under name of Selepryl or Cyprenil.

- **Deprenyl** is available in 50 x 5mg tablets pack size
- **Selepryl** (liquid deprenyl) is available in 300ml bottles as liquid drops
- You can order one or more packs Deprenyl Jumex tablets or bottles of Selepryl liquid
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Deprenyl.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Desmopressin

Desmopressin

Helps with rapid memory recollection

Desmopressin is a man-made form of Vasopressin, a hormone that occurs naturally in the brain. Its brand name is Minirin. Vasopressin hormone has many functions, including the formation of memories. It also helps the body regulate temperature and water retention, making Desmopressin useful to control enuresis (bedwetting). Some parents use Desmopressin to help their child control nocturnal bedwetting problem. Men who suffer from prostate problems, will also find Desmopressin useful in reducing night trips to the bathroom.

Price: **\$29.99**

Desmopressin is also used in some countries to treat amnesia. Being helpful with aging memory problems, Desmopressin can be useful with treating senile dementia, Alzheimer's, and Korsakoff Syndrome. Moreover, it can improve mood and memory in the elderly and Alzheimer's patients.

- **Desmopressin** is available in 2.5ml nasal spray size
- You can order one or more bottles of Desmopressin spray
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Desmopressin.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

DHEA 7-keto

New weight loss drug, known as Zimulti in the U.S.

7-keto DHEA

DHEA is the most prevalent hormone in the human body. It promotes improved immune system function and anti-aging effects, as well as enhanced energy and weight control. DHEA 7-Keto offers these benefits but in a form that does not convert into testosterone or estrogen in the body. For those who have concerns about increased levels of these hormones, 7 Keto DHEA is your worry-free alternative.

Price: **\$24.99**

DHEA 7-Keto is a biologically active metabolite of DHEA that promotes improved health and energy without the side effects that can result from increased amounts of hormones. DHEA boosts the immune system by increasing the production of specialized white blood cells, promotes increased energy and metabolism by activating enzymes in the liver that increase the rate of thermogenesis (the process by which fat is burned), and supports heart and cardiovascular health.

- **DHEA 7-keto** is available in 90 x 25mg capsules pack size
- You can order one or more packs of DHEA 7-keto capsules
- DHEA 7-keto is not available in European Union and Norway
- All online purchase prices are in US dollars

Click here to order online:

http://www.aip-health.com/DHEA_7-keto.html

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Gerovital H3

Gerovital H3 (GH-3) is the original antiaging supplement

Gerovital H3

Price: **\$19.99**

GH-3 is one of the most popular rejuvenation products in the world, known under full name of Gerovital-H3. GH-3 was developed in Romania in 1940s by Dr Ana Aslan. It improves memory and alertness, reduces depression, increases energy and general feeling of wellbeing. Gerovital-H3® improves cell metabolism and has an effect on many mental and body functions. Gerovital H3 is the original anti-aging supplement.

GH-3 also improves concentration and vitality, alleviates joint stiffness, enhances well-being and acts as an anti-depressant, owing to its MAO inhibitor properties. It is even known to improve skin and hair condition. Dr Ana Aslan was successful in promoting Gerovital H3 with celebrities.

- **GH-3** is available in 60 x 100mg tablets pack size
- You can order one or more of Gerovital-H3 tablets
- All online purchase prices are in US dollars

Click here to order online:

http://www.aip-health.com/Gerovital_H3.html

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Hydergine

One of the most important smart pills that enhances mental capacity

Hydergine

Price: **\$24.99**

Hydergine is an extract of ergot, a fungus that grows on rye, traditionally used in Europe by midwives to lower birthing mothers blood pressure. Hydergine is reported to increase mental abilities, prevent damage to brain cells from insufficient oxygen (hypoxia), and may even reverse existing damage to brain cells. As one of the most popular treatments for all forms of senility (dementia) in the U.S., Hydergine is also used to treat a wide range of other problems.

Hydergine benefits range from improving blood supply and oxygen to the brain, to inhibiting free radicals and protecting brain from free-radicals damage and increasing intelligence, memory, learning and recall, normalizing systolic blood pressure and even lowering abnormally high cholesterol in some cases.

- Hydergine is available in 30 x 4.5mg tablets pack size
- You can order one or more packs of Hydergine tablets
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Hydergine.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Idebenone

Potent Coenzyme Q10 (CoQ10) antioxidant

Idebenone

Idebenone is closely related to Coenzyme Q10, or CoQ10 in short. CoQ10 has many remarkable properties, including extending life span in animals and curing some gum diseases in humans more effectively than any other substance. It has a key role in the creation of ATP, the universal energy molecule. Idebenone seems to have all the benefits of CoQ10, yet it doesn't create highly reactive free radical, as CoQ10 does.

Price: **\$29.99**

Idebenone is usually sold under brand name of Cerestabon. As one of life's most essential biochemicals, Idebenone has been in-depth studied in Japan. Idebenone's potential benefits fall into five categories: anti-aging, energy enhancement, cognition enhancement, organ protector and

protector against excitatory amino acid neurotoxicity.

- **Idebenone** is available in 60 x 30mg capsules pack size
- You can order one or more packs of Idebenone capsules
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Idebenone.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Melatonin

Powerful antioxidant and sleep hormone

Melatonin

Melatonin is a pineal hormone secreted in abundant levels in younger people. Known as sleep hormone, Melatonin levels tends to decline with age. By orally replenishing Melatonin to its youthful levels, many people find that it improves their sleep pattern, boosts immune function and possibly slows aging. Melatonin is also showing remarkable ability to prevent cancer, in particular melanoma. Dr Pierpaoli melatonin formula also contains zinc and selenium. Zinc improves the body's immunity, while selenium prevents free radicals' damage to the cells.

Price: **\$24.99**

Melatonin is also a powerful antioxidant and synchronizer of biological clock, that can easily cross the blood-brain barrier. International travellers

often use melatonin tablets to adjust their biological clock, as they cross different timezones. In other words, Melatonin is good for adjusting your sleeping pattern.

- **Melatonin** is available in 60 x 3mg tablets bottle size
- You can order one or more packs of Melatonin tablets
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Melatonin.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Metformin

Insulin-sensitizing agent that helps Diabetics control blood sugar levels

Metformin

Metformin is known under trade names of Glucophage® or Metformal®. It has been described by Ward Dean, M.D., as one of the most important anti-aging drugs available today. Metformin is used by diabetics to increase the body's receptor sensitivity to insulin - i.e. to reduce blood sugar levels. This is important for anti-aging, because we all lose insulin sensitivity with advancing age, particularly past the age of 40. In fact, it is considered that we all become diabetic with age, because of the continual loss of the insulin / glucose sensitivity.

Price: **\$16.99**

Metformin is also known to lower cholesterol levels and helps prevent low-density lipoproteins, (LDL or bad cholesterol) from attaching to blood platelets and arteries, thereby reducing the risk of blood clotting.

- **Metformin** is available in 50 x 500mg tablets pack size
- You can order one or more packs of Metformin tablets
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Metformin.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Minsaw-A

Topical lotion with Sam Palmetto for hair growth

MinSaw-A

Minsaw-A is a topical lotion that when applied to the scalp promotes and stimulates new hair growth. As anti hair-loss liquid, Minsaw-A now contains a topical solution of minoxidil at a super high strength of 7%, combined with retinolic acid at 0.025% and Saw Palmetto at 3%, as well as Retin-A.

The main ingredient in Minsaw-A, Minoxidil is well known as an improver of blood supply to the hair root and has been in safe use for over 20-years.

Price: **\$39.99**

- **MinSaw-A** is available in 125ml bottle liquid pack
- You can order one or more bottles of Minsaw-A topical lotion liquid
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Minsaw-A.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Modafinil

Effective for treatment of excessive sleepiness

Modafinil

Modafinil is a remarkable drug that appears to only stimulate *alpha-1* brain receptors that are responsible for the uptake of nor-adrenaline. As a result, these receptors increase alertness and concentration, reducing the desire the nap (sleep). At the same time, Modafinil displays no addictive or "coming-down" side effects.

Known also as Modiodal or Provigil, Modafinil is a new generation of psychostimulants for a modern world. Not surprisingly Modafinil is known to have been used by the French Foreign Legion, as well as US and Belgian airforces, to increase their alertness and improve concentration. The "New Scientist" magazine calls Modafinil a new class of sleeping pills that promise deeper and more refreshing sleep than the real thing.

Price: **\$179.99**

- **Modafinil** is available in 30 x 100mg tablets pack
- You can order one or more packs of Modafinil
- Modafinil is not available to order in the USA
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Modafinil.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Neydent

Unique toothpaste with RNA's and vitamins

NeyDent

Neydent is a "hard-to-obtain" toothpaste that prevents bleeding gums, infections, inflammations, periodontosis, loose teeth, bad breath and pain. Neydent contains a unique patented combination of eleven ingredients including bimolecular proteins, an antibacterial matrix, antibodies, vitamins B and C, oils, natural fluoride and procaine.

Neydent also contains ribonucleic acids (RNA's) - the building blocks of DNA. Neydent is a registered name, which is properly written as NeyDent®.

Price: **\$12.99**

- **Neydent** toothpaste is available in 50ml tube cream pack size
- You can order one or more tubes of Neydent toothpaste
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Neydent.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Nizoral

Pharmaceutical 2% strength anti-dandruff shampoo

Nizoral

Nizoral shampoo contains *ketoconazole* and is a potent anti-dandruff shampoo that appears to actually help prevent hair loss. Furthermore, it is now believed that Nizoral® shampoo helps to remove sebum deposits. These fatty deposits lie on the scalp and appear to clog the hair follicles and may prevent or reduce the nutritional supply to the follicle. Nizoral shampoo effectively removes these fatty deposits from the scalp.

Ketoconazole in Nizoral shampoo is an antifungal drug, effective in treatment and prevention of skin and fungal infections.

Price: **\$19.99**

- **Nizoral** shampoo is available in 60ml bottle liquid
- You can order one or more bottles of Nizoral shampoo
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Nizoral.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Picamilone

Pikamilom increases blood flow to the brain

Picamilone

Invented in Russia, Picamilone is a powerful nootropic and psychoenergizing agent that improves memory, relieves anxiety and protects against stress. Picamilone has potent antidepressant and tranquilizing effects, without muscle relaxation or drowsiness. It combats fatigue and mental tiredness, reduces uneasiness and mood swings and restores cheerfulness. Picamilone is also thought to be able to cross the blood-brain barrier, thus acting as an antidepressant.

Picamilone is a GABA supplement, Niacin bonded. The amino acid GABA is short for 'gamma amino butyric acid', which acts as inhibitory neurotransmitter in the brain. This produces relaxing, anti-anxiety effects.

Price: **\$24.99**

Picamilone is also known as Picamilon or Pikamilon.

- **Picamilone** is available in 60 x 50mg tablets pack
- You can order one or more packs of Picamilone tablets
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Picamilone.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Piracetam

Enhances cognitive functions, such as memory and alertness

Piracetam

Piracetam is the original nootropic drug, that prompted creation of the smart drugs category. As world's best selling nootropic tablets, Piracetam helps maintain optimum mental activity and may improve memory. Nootropic drugs or nootropics are known as cognitive enhancers. Piracetam has pronounced antistress and antioxidant properties and even works as an immune stimulant.

The effects of Piracetam are enhanced by taking Centrophenoxine at the same time. Piracetam protects the brain, while enhancing the efficacy of higher brain functions, such as learning and memory.

Price: **\$22.99**

- **Piracetam** is available in 30 x 800mg tablets pack
- You can order one or more packs of Piracetam
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Piracetam.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Pregnenolone

Precursor hormone that enhances mental alertness and memory

Pregnenolone

Pregnenolone is considered to be the starting point of all hormones, or a precursor or parent hormone. It's effective in enhancing mental awareness and improving memory. Pregnenolone is produced naturally by the body and like DHEA it's important for health and longevity.

Pregnenolone is particularly useful for reducing fatigue levels, alleviating stress and improving mood. Pregnenolone has also been successfully used to treat arthritis. A two months of continuous Pregnenolone use will determine its effectiveness.

Price: **\$19.99**

- **Pregnenolone** is available in 50 x 100mg capsules pack size
- You can order one or more packs of Pregnenolone
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Pregnenolone.html>

Go to page 23 for details on how to order this supplement by telephone, fax, or postal mail.

Progesterone

Natural supplement that helps women defend against osteoporosis

Progesterone

Price: **\$24.99**

Natural human progesterone is female hormone that helps regulate ovulation and menstruation. During the menopause, Progesterone levels decline and need to be replaced. Progesterone natural cream is synthesized natural human hormone that mimics the human molecule.

Women often use progesterone cream in the menopause, especially to counter detrimental effects of hormone replacement therapy, (HRT - estrogen therapy). One of the most significant benefits of progesterone replacement is the prevention and alleviation of osteoporosis, the bone thinning disease that usually affects older women.

- **Pregnenolone** is available in 50ml topical cream pack size
- You can order one or more packs of Progesterone
- All online purchase prices are in US dollars

Resveratrol

Powerful antioxidant that benefits the heart

Resveratrol

Price: **\$22.99**

Resveratrol is found in the skin of young red grapes, wine and pine trees. Some recent evidence suggests the skins of peanuts may be another source of Resveratrol. It became known by "French paradox" - when scientists tried to find out why French don't get heart disease despite eating so much fat. The answer was found in them drinking red wine, which contains Resveratrol.

Animal studies suggest that Resveratrol can prevent the initiation of cancer and can inhibit the promotion and progression of cancer. But it's especially known by its powerful antioxidant properties, which are particularly beneficial to the heart.

- **Resveratrol** is available in 60 x 5mg capsules pack
- You can order one or more packs of Resveratrol
- All online purchase prices are in US dollars

Selepryl

Brand name for Deprenyl liquid – best known antiaging drug

Selepryl liquid

Originally developed as anti-depressant, Deprenyl has developed reputation as one of the best known antiaging drugs or supplements. Deprenyl comes in tablets form as Deprenyl Jumex, while deprenyl citrate liquid is manufactured under brand names of Selepryl and Cyprenil.

Selepryl is produced by Natu Pharma and comes in 300mg bottles. As one miligram (mg) equals one drop, a bottle of Selepryl has approximately 300 drops of Deprenyl liquid.

Price: **\$69.99**

In laboratory studies, Deprenyl has shown to extend life. Deprenyl is also used as a preventative for Alzheimer's or Parkinson's diseases, in treating depression, and to improve mobility, awareness and quality of life.

- **Selepryl** is available in 12 ml or 300mg bottle size
- One drop of Selepryl Deprenyl liquid equals 1 mg
- You can order one or more bottles of Selepryl liquid
- All online purchase prices are in US dollars

Zirtec

Treats the symptoms of numerous allergies

Zirtec

Zirtec is an antihistamine (cetirizine hydrochloride) that provides relief from the symptoms of common allergies, such as runny nose, watery eyes, sneezing and itching. Zirtec provides fast relief from hay fever symptoms and will not cause drowsiness with most people, unlike older types of antihistamines. As such, Zirtec can be taken during the day, however caution is advised. Once the body adjusts to Zirtec, any side effects will subside.

Price: **\$19.99**

Zirtec cetirizine is also sometime referred to as Zyrtec, or just Cetirizine. Once taken, its effectiveness usually lasts up to 24 hours.

- **Zirtec** is available in 20 x 10mg tablets pack size
- You can order one or more packs of Zirtec tablets
- All online purchase prices are in US dollars

Click here to order online:

<http://www.aip-health.com/Zirtec.html>
